

Maths

Using 10ps and 1ps create 2 digit numbers +10 -10

Practise recognising and writing numbers. Focus on number formations.

Dear Parents,

While your children are at home it is important they keep reading.

The little red book is for writing including spellings, sentences and stories.

A project they can do is to make a garden. This can be done on a cereal box, creating flowers, trees and grass. This project was to be given as Easter homework.

Thank you for your continued support. Stay well and safe.

Mrs Kennett
